

Co-Op Troop Learning Paths

Co-op troops work together to provide youth with the Essential Girl Scout Experience in a safe and fun way. There are two main Co-op troop roles you can fill, Troop Admin or Program Coordinator. Each is important and requires a specific set of skills and both are required to have a complete troop. You can access our New Co-Op Troop Learning Paths in [gsLearn's Content Library](#). Many hands make light work, view our other available [Troop Role Learning Paths](#) in gsLearn to see how you can build your troop.

Troop Admin

Troop Admin:

The focus of the Troop Admin role is to coordinate with the adult support team to ensure that a cohesive program is delivered,

program objectives are met, and safety requirements are maintained at all troop meetings and events.
